

Search Policy

For purposes of public safety and effective crowd management, the Thomas & Mack Center / Sam Boyd Stadium / Cox Pavilion, at its discretion, will conduct a search of guests attending an event. The magnitude and intensity of the search will depend on the type of event and the nature of the crowd attending.

We are implementing a number of additional security measures this season for the protection of everyone at our games. We apologize for any inconveniences you may experience as we all become adjusted to our new routines.

Please be aware of the following:

- Fans entering the facility may be subject to security check by metal detecting hand wands.
- Briefcases and pocketbooks will be allowed in the facility, but will be inspected at all entrance gates.
- Large bags, coolers and large backpacks will not be allowed into the facility.
- Once you have exited the facility, fans will not be allowed to re-enter for any reason.
- There will be an increased security presence both inside and outside the facility.

This type of search is designed to be done as quickly and effectively as possible so as not to slow down the ingress of the crowd. Inappropriate items will include, but not be limited to, coolers, video cameras, food and beverages, laser pens and noise makers.
